The Florida Ports Council traveled to Sao Paulo, Brazil in late October as part of Governor Scott and Enterprise Florida's Team Florida Trade Mission and Expo. Seven Florida Ports sent representatives who participated in meetings with Governor Scott and the Governor of Sao Paulo, Brazilian trade officials, and business executives. The Ports Council also had a booth at the Trade Expo where Port representatives were able to discuss business opportunities with visitors. Brazil is Florida's largest trading partner and the Florida Ports Council was honored to sponsor the 2011 Team Florida Trade Mission.
